- Mrs. Hasselberger, *Guidance / English Language Arts*

Mission Statement

Our mission is to offer students educational opportunities that will foster lifelong learning and enable them to function politically, economically, and socially in a democratic society. Students will be assisted in becoming self-respecting individuals who reach their greatest potential. They will learn to act fairly in relationships with others, solve problems using effective methods, and think critically and independently.

Constant improvement of the educational program will focus on all students achieving the New Jersey Core Curriculum Content standards at their respective grade levels. By providing essential resources and working with home and community, we will help students acquire the skills and knowledge they need to enter the work force or pursue higher education, and to become responsible global citizens.

Ridgefield Park Jr.-Sr. High School
