

Naviance Directions

- Go to connection.naviance.com/rpjshs
- Use your Genesis username (no @rpschools.net) and password
- You will then see your homepage with any messages and new tasks
- Below is information on the four main tabs

Colleges	Careers	About Me	My Planner
This is where you can look up colleges, do research, and search scholarships. You will eventually be able to see your chances of getting into a college by seeing alumni data.	Using personality and career assessments, you will learn what type of careers may interest you. You can also do career research and look at videos of people interviewed about their professions.	In this section, you can create goals, build a resume, add your best work for a digital portfolio, see your GPA, and view your favorite schools and careers.	This is where you can see what tasks have been assigned for you to do. Each grade will have tasks assigned by Guidance throughout the school year.
